The Enneagram / Philippe de Vos ISBN 978-2-910677-65-7 234 p. 20 €
In the Sufi way

The «Science of soul», known by the fathers of the desert, by the Sufi masters, by the yogis, is called the science of the «9 points.» Astonishing divine pedagogy : the 9 soul illnesses, through sufferings themselves, are showing to us the paths of 9 corresponding spiritual families : illness is also constituting a remedy.

Philippe de Vos is using the Sufi way since more than 35 years, he is now presenting the Koranic sources and the teachings of the Naqchabandie confraternity.

The Neuroconnectics / D-P de Sudres ISBN 978-2-910677-75-6 252 p. 20 €
Neuroscience of Awakening

Daniel-Philippe de Sudres is an independent researcher in cognitive neurosciences, creator of transmodale self-programmative neuroconnectics (simplified in "neuroconnectics").

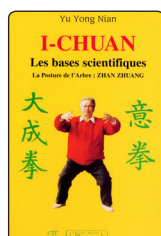

According to this researcher, our waking state would actually be composed of... five levels of wakefulness, in comparison to the last three of these levels - still almost unknown - our usual «wakefulness», would be like a deep sleep disturbed by absurd dreaming...

Auto-Hypnosis / Kévin Finel ISBN 978-2-910677-58-9 190 p. 20 €

A Manual for your Brain

To learn to control one's unconscious and its brain should be as natural as to speak. Too many people remain in the limits imposed to them, without finally ever exploring more possibilities. Auto-hypnosis is a rich and accessible practice for everyone. The principles and exercises introduced in this book permit to find one's way to our unconscious in order to use it in an active step.

Kévin FINEL is President of the Academy of Research and Knowledge in Ericksonian Hypnosis).

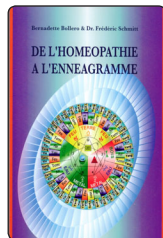

Ordinary awakening / Denis Marie ISBN 978-2-910677-73-2 170 p. 18 €

The Gift of the Heart

The ordinary awakening is the awakening to the perfection of the ordinary, to the great natural and inalterable peace of our Being.

What do we still need to be happy? How long are we still going to be seduced by this misleading speech and this advertising propaganda which encourages us to run after an illusory happiness? What can all the treasures in the world and all our practices bring us if we are not happy in our heart?

From homeopathy to enneagram ISBN 978-2-910677-68-8 206 p. 20 €

F. Schmitt & B. Bollero

The meeting of homeopathy and enneagram was inevitable because of all the similarities between these two systems. It had taken place to a true alchemy when each system had fertilized the other. The results are transcending the reunion of both systems to give us a new human typological science.

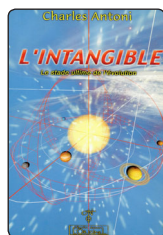

Frederic SCHMITT is a homeopathic physician doctor since 1986. He is now president of the M.A.R.I.E. institute Co-created in 2002 with Bernadette BOLLERO

Live your Life / Charles Antoni ISBN 978-2-910677-66-4 180 p. 18 €

We have to learn to dream, and dream again. But we talk here about real dream, creative dream, not about sleeping man's dreaming. Paradoxically it is when we are dreaming that we are really awake. The power of dreaming is gigantic; we have to dream like children about most incredible things, which social man cannot reach. Dream, game... and forget this sad reality of which gargle the right-minded.

Charles Antoni, L'Original editions's Director, is leading as Editor-in-chief the magazine L'Original.

The Intangible / Charles Antoni ISBN 978-2-910677-45-9 208 p. 15,24 €

Ultimate Stage of Evolution

This book is a book of hope. Hope that a possible conciliation between the conceptions of the world of the modern physics and the oriental philosophical thought may exist. Hope and conviction that another quality of «human being» can exist. Hope that another way to drive his life, free from the slavery of the «conditioned answers», would permit to reach this inner peace beyond all thought.

Charles Antoni is Director of L'Original editions.

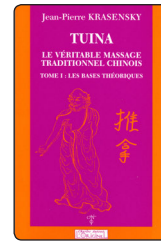

Amerindian Sacred Journey / Don Marcelino ISBN 978-2-910677-39-8 170 p. 18 €

Because of one's childhood, man is only conditioned to see this world, not the «other world». Everything else looks strange or insane and even does not exist. A final cut was installed.

It is up to us to try joining again with the other world, other reality. We are mortal, so each one must live essential things like trying to be happy during our life time, trying to realize something good for oneself and the others.

Don Marcelino, Amerindian physician of Peru, is a «Man of Knowledge».

Suffering ego, joyful existence / François Malespine ISBN 978-2-910677-89-3 112 p. 18 €

There is a kind of awakening that is almost never mentioned except in Tibetan Buddhism which calls it “Rigpa” and in Zen Buddhism, where it is called “Little satori”. Though not awakening with a capital A, it is nevertheless particularly valuable because it leads us from belief to vision. It is like those dot to dot drawings for children, initially invisible, but then obvious and simple.

Awakening for the lazy / Franck Terreaux ISBN 978-2-910677-88-6 112 p. 18 €

Concepts that we might associate with the quest for spirituality include meditation, asceticism, freedom from ego and self-awareness. These and similar terms, however, have a capacity to create a type of mental echo - to resonate, and distract, from our being. This is what Ramana Maharshi meant when he instructed us to ‘keep silence’.

Total Presence / Sébastien Fargue ISBN 978-2-910677-79-4 136 p. 18 €

“Sébastien Fargue’s discoveries are in harmony with the approach to non-duality or Advaita which leads to a well fulfilled life. This book presents the ultimate wisdom of non-duality in a style refreshingly clear and free of jargon, concepts and technical terminology that often make the wisdom of traditional texts difficult to follow as well as to practise.”
Peter Fenner

So you think you are alive? / André Moreau ISBN 978-2-910677-84-8 212 p. 20 €

“It is very easy to miss out on life. All you have to do is to act like everyone else. You become enslaved and deserve a one way ticket to the graveyard. Here and now we must ask if we can be content with so little, just like the majority of people.”
